Frequently asked questions about items owned by Esri in ArcGIS Online

The following provides a summary to frequently asked questions regarding layers, maps, and applications owned and maintained by Esri.

IF YOU HAVE AN ARCGIS ONLINE SUBSCRIPTION YOU MAY

- Use items owned by Esri in ArcGIS Online in conjunction with Esri software or an ArcGIS Online subscription for projects and applications that are for internal or external use.
- Include screen captures or a printed or plotted map of maps and applications owned by Esri. Details on permitted uses are available here.
- Use the basemap data offline in the following manner.
  - The data may only be taken offline using Esri Content Packages
  - The package can be used with any device as long as it is used exclusively with Esri software.

UNDER THE FOLLOWING CONDITIONS

- Provide attribution to Esri and its data providers.
- Use with Esri software and comply with its terms of use. If you do not have Esri software, you must purchase an ArcGIS Online subscription.

YOU MAY NOT

- Systematically harvest basemap tiles through any method other than using Esri Content Packages
- Redistribute basemap tiles
- Download, redistribute or self-host any content hosted by Esri.
- Use content from ArcGIS Living Atlas for commercial use in your application or product. Please contact Esri to discuss licensing Esri-owned Living Atlas items for commercial use.

IF YOU HAVE AN ARCGIS LOCATION PLATFORM SUBSCRIPTION OR ARCGIS DEVELOPER BUNDLE

- Refer to the ArcGIS Location Platform FAQ
